

## WATER REGULATIONS and STORMWATER CONTROL

Residents that use culinary water to irrigate their lawn are required to provide backflow protection on their sprinkler system. These backflow assemblies require annual testing and the test results need to be sent to the city offices by June 19, 2007. Fertilizer injection systems fertilize lawns by injecting fertilizer into the sprinkler system. These systems are increasingly in popularity and are required by state law to have a Reduced Pressure Zone Assembly installed and tested annually.

Facility in Layton will also take hazardous material.

- Clean up after your pet.
- Use a commercial car wash or wash your car on a lawn or other unpaved surface.
- Sweep up yard debris rather than hosing down areas. Compost or recycle yard waste when possible.
- Properly dispose of excess paints through a household hazardous waste collection center.

- Sweep up and properly dispose of construction debris like concrete and mortar.
- Remember only rain down the drain!

With less snowfall this winter and an early, warmer and dryer than normal spring please remember to conserve water.

Water Conservation tips include:

- Use restrictive shower heads.
- Never leave water running.
- Water outside between 6:00 p.m. and 10:00 a.m. only.
- Repair broken and leaking sprinkler valves, heads, and pipes.
- Set lawn mower to cut 3" high.
- Turn off automatic sprinkler systems prior to rain storms.
- Sweep driveways, sidewalks and gutters instead of hosing them down.
- Adjust sprinkler heads to water only where needed.

Additional conservation tips can be found at [www.jvwcd.com](http://www.jvwcd.com) and [www.conservewater.utah.gov](http://www.conservewater.utah.gov).

Storm water runoff is precipitation from rain, snowmelt, and irrigation systems that flow over the ground. As it flows it can pick up debris, chemicals, dirt and other pollutants and deposit them into a storm (drain) sewer system or water body such as Farmington Bay.

Anything that enters a storm (drain) sewer system is discharged untreated into waterbodies we use for recreational uses such as swimming, fishing, hunting, etc. In some areas these lakes, rivers and streams are used for providing drinking water.

To keep the stormwater leaving your home or workplace clean, follow these simple guidelines:

- Use pesticides and fertilizers sparingly.
- Repair auto leaks
- Dispose of hazardous waste, used auto fluids, (Antifreeze, oil, etc.), and batteries at designated collection or recycling centers. Auto parts stores will usually take used oil at no cost. Interstate Batteries will recycle auto batteries. Wasatch Energy Recovery

## Families Invited to Celebration

Holly Refining & Marketing Company will be holding an event in celebration of the 75 year anniversary of the Woods Cross Refinery. This event will be held on June 9, 2007 from 11:00 am to 2:00 pm. at the refinery located at 393 South 800 West. There will be games, entertainment, rock climbing, food, prizes and more! Bring your family and come celebrate with us.

# West Bountiful City Independence Day Celebration ★June 30, 2007★

## Saturday, June 30, 2007

★9:00 a.m. WEST BOUNTIFUL PARADE ~Start your day off right by joining us for the annual Independence Day Parade. Enjoy patriotic music, floats, clowns, and more as we kick off a celebration you won't want to miss! The parade begins at the corner of 400 North and 800 West, continues on Pages lane and ends at the LDS Stake Center on 600 West.

★10:00 a.m. CARNIVAL~"8 seconds" on the mechanical bull is all you'll need to remind you of our western roots! Immediately following the parade, walk on over to the city park and enjoy fantastic food, a climbing wall and plenty of games to keep you busy all day long. Tickets can be purchased at the park.

★11:00 a.m.-5:00 p.m. WEST BOUNTIFUL TALENT FAIR ~All day long you can experience the sites, sounds and talents of West Bountiful City. See what local artists are doing and hear the musical talents of friends and neighbors.

★11:00 a.m.-RECIPE CONTEST ~ Winners announced at noon.

★2:00 p.m. PIE EATING CONTEST~ Sign up and see how much you can swallow!

★8:00 p.m. SKYDIVERS & CONCERT IN THE PARK~ Look to the sky as we start the evening entertainment with skydivers and the fabulous "Endless Summer" band. This is a great event for the entire family to enjoy.

★10:00 p.m. FIREWORKS- Once again we conclude this fun filled day of celebration with a fantastic firework show by Lantis Fireworks. Be sure and bring the entire family over to the park, this is one firework show you won't want to miss.

## Wednesday, July 4, 2007

7:00 a.m.

## Flag Raising Ceremony

Start this holiday off right by participating in our city flag raising ceremony held at City Hall. Hear inspiring words about freedom and liberty and enjoy some yummy treats from local restaurants.

**Fireworks Sponsored by  
Holly Corp and  
West Bountiful City**
